Learning follows your lead with skill demonstration videos, course outlines, presentations in PowerPoint format, detailed lessons plans, skill sheets, and much more!

For more information on ECSI instructor materials, please visit <http://go.ECSInstitute.org/teaching>.

Hybrid Courses

Course	Hours	Audience	Skills Exam Required
eACLS	8	Professional	Yes*
Bloodborne and Airborne Pathogens	2	Professional	No
CPR and AED	1-2	Layperson	Yes
Health Care Provider CPR	4-5	Professional	Yes
Standard First Aid, CPR, and AED	3-4.5	Layperson	Yes

ECSI's time-saving and affordable online courses, can be used as a distance learning platform where students can complete the knowledge-based component of the course online and then complete the hands-on skills evaluations with an instructor. Upon completion of the online course, students will print a course completion acknowledgement form that they then bring to an authorized ECSI Skills Testing Center for an on-site skills check. To receive an official ECSI course completion card, the form must be presented to an authorized ECSI Education Center Coordinator or Instructor within 30 days, and the required on-site skills check must be completed.

*If you are a practicing health care professional (other than a paramedic or prehospital practitioner) who regularly performs resuscitation and advanced cardiac life support (ACLS) procedures as part of your employment, an on-site skills check will not be required.
